bustbuddies

NO MORE FROZEN PEAS!

Breastfeeding.com reviews a new treatment for breastfeeding conditions like engorgement, plugged ducts and more.

Breastfeeding.com is always on the lookout for products that help moms through the early problems with breastfeeding, which most of us face at one time or another. This simple product, "BustBuddies", may help with a suite of early breastfeeding conditions and make your breastfeeding experience more enjoyable.

Breastfeeding is one of the first bonding experiences between you and your child. We don't want to chance this precious time to pain and discomfort. New thermal gel packs specially designed for nursing mothers, BustBuddies, can foster a healthier, longer and happier breastfeeding experience by decreasing the pain and discomfort associated with common and uncomfortable breastfeeding conditions. Easily warmed or cooled, BustBuddies treat diagnosed conditions and aid a faster and healthier recovery with these key benefits (as claimed by the manufacturer):

- Reduces swelling and engorgement
- Aids recovery from infections (Mastitis)
- Stimulates milk "let down"
- Dilates plugged milk ducts
- Reduces soreness from frequent nursing or pumping
- Comforts weaning breasts

Easily warmed or cooled, either in the microwave or refrigerator, and reusable hundreds of times BustBuddies have been designed to be the highest quality and most effective thermal treatment available. BustBuddies include a large thermal pack area, high in amounts of thermal gel, and a medical fabric-covered side for maximum comfort. BustBuddies include hypoallergenic plastic and covers. To avoid added pressure on the breast, BustBuddies have been designed to be lightweight and can be used on their own or slipped easily into most sized bras. BustBuddies are hand washable and can be cleaned with mild soap and warm water. BustBuddies may also be cleaned by placing them on the top rack of the dishwasher on a gentle cycle.

For great pumping information and stories by working moms.

BustBuddies are the brain child of three Moms from Atlanta, Whitney Noonan, who sparked the idea, Kris Mayer and Michele Norwood. The three started Maternal Care in late 2002 with the goal of addressing the needs of breastfeeding Moms. After their own childbirth experiences involving frozen bags of peas in the hospital to alleviate engorgement and swelling during breastfeeding. Maternal Care's mission is to enable more women and babies to benefit from a happy and healthy breastfeeding experience.
